

Thank you for purchasing our new LED Bluetooth® Color Changing SMART Bulb! Embrace the new view from Blue Sky Wireless to transform your home!

SYNC & SETUP DIRECTIONS

-  Gently install your A19 LED SMART Bulb into your preferred lighting fixture. Note: this item is compatible with recessed lighting.
-  Turn your lighting fixture's appropriate electric power ON.
-  Open the Settings in your Bluetooth® enabled smart device and make sure the Bluetooth function is turned ON.
-  Locate the device named **BSW A19** and select it. Your smart device will confirm a successful wireless connection.
-  Enjoy your new colorful atmosphere in your home!

If you run into any technical difficulties while operating your new bulb, please contact our support team by email or at our Blue Sky Wireless Customer Support line from 9 AM to 5 PM EST.

HOW to USE the BLUE SKY WIRELESS A19 APP

Press the magnifying glass icon to search for the devices when you install them in your home.

When you have your bulb installed and powered on, it will show a check mark or **CONNECTED**. If a device or connection is not found, it will say **UNCONNECTED**.

Press the **GROUP** button in the top left to go back to the main function screen.

This is the **MAIN FUNCTION** screen. Here you will find the main functions for your Blue Sky Wireless device.

Slide on the circular color dial to choose your desired color.

Tap here to choose a hue.

Tap here to choose a quick color.

Press to activate the main white light.

Tap here to go back to the main color menu.

Slide here to choose brightness.

HOW TO DOWNLOAD YOUR APP

Before installing your **LED Bluetooth® SMART Bulb +** unit, go to our website at www.BlueSkyW.com and go to Apps section. Download the FREE "BSW-A19" app from your respective app store. The app will let you adjust all of the settings and colors on your new **LED Bluetooth® SMART Bulb.**
